

Shouldn't your child be learning in one of our most unique public schools?

Harlem Hebrew is an outstanding public charter school in District 3. This academically excellent school serves children from all backgrounds. We have two (sometimes 3) teachers in the classroom across all curricular areas. Our program includes two hours of Reading and Writing each day, one hour of Math, intensive instruction in Modern Hebrew*through a partial immersion approach, along with science, social studies, Israel Studies, art, music, daily physical education, chess, and more.

For more information call **212-792-6236** or email: **enroll@hebrewpublic.org**. To apply now fill in the simple application form right on our website: **www.harlemhebrewcharter.org**.

Open admission is subject to a random lottery, which will be held in April if the number of applicants exceeds the number of places. There are at least 78 places available for kindergarten and limited spots available for grades 1-5. Preference is given to siblings of current students and siblings of those students selected in the lottery, along with residents of Community School District 3.

**We are a public school and as such, do not teach religion.*
