1. INTRODUCTION

The Safe Schools Against Violence in Education Act (SAVE) became law in New York State on July 24, 2000. The law requires Local Education Agencies (LEAs) to spell out how they will respond to acts of violence and other disasters through prevention, intervention, emergency response and management.

Schools are at risk of acts of violence and natural and man-made disasters. Emergencies in schools must be addressed in an expeditious and effective manner. The Harlem Hebrew Language Academy Charter School-Wide Safety Plan, which includes a comprehensive Emergency Response Plan, was developed to prevent or minimize the effects of serious violent incidents and emergencies, to facilitate coordination with local resources in the event of such incidents or emergencies, and generally to give direction in situations involving the safety of the school community. Planned and practiced responses to emergency/crisis situations may mean the difference between life and death.

The Harlem Hebrew Language Academy Charter School supports the SAVE Legislation and has committed to full and active participation in the planning process. The Head of School encourages and advocates on-going charter school-wide cooperation and support of Project SAVE.

In the continuing efforts to ensure the safety and security of all students and staff, the New York City Department of Education has also established guidelines to be followed by all community-based organizations. These guidelines are based on both the Department of Health Code *Article 47.25 Health; Emergencies* and the Administration for Children's Services Division of Child Care/Head Start's *Emergency in Elementary Schools*.

Each Elementary School should have a written Safety Plan that provides specific and detailed procedures for responding to a range of incidents including, but not limited to: Fire Emergencies, Evacuation procedures, Hazmat (hazardous materials), Disasters, Shootings, Bomb Threats, Kidnappings, and Hostage Situations

The Board, Head of School, the Director of Operations and Finance, the Directors of Curriculum and Instruction, and the Administrative Assistant are to regularly review the Safety Plan, the evacuation procedures, notification of parents/emergency contacts, medication handling and administration, issuance of first aid kits, fire safety, and emergency communication equipment. In addition, well-defined policies are to be established regarding the supervision of children beyond the program's regular hours of operation or the release of children to designated emergency caregivers when parents are late. These policies and all previously identified areas are to be regularly reviewed and annually communicated in writing to both parents and staff.

SECTION I: GENERAL CONSIDERATIONS AND PLANNING GUIDELINES

A. Purpose

The Harlem Hebrew Language Academy Charter School-Wide Safety Plan was developed pursuant to Commissioner's Regulation 155.17, and NYC-DOE guidelines. At the direction of

the Board of Trustees, the Head of School appointed a Charter School-Wide Safety Team and charged it with development and maintenance of the Charter School-Wide Safety Plan.

5. Fire department fire prevention bureau personnel conduct a fire prevention seminar for the staff at each school and facility once annually.
6. The school has taken steps to properly secure all desktop computers, VCR's and television sets. Security measures include steps to secure computers against theft and unauthorized access.
7. The school has developed a system to ensure that rooms that are not in use are kept locked.

8. The school has a system in place to ensure that serial numbers are on file for school system property.
9. Valuable school property has been clearly marked to identify it as school property.
10. The school has established a system to locate, photograph, remove, and report all graffiti to law enforcement in a timely manner.
11. The school uses an internet filtering system. These filtering systems prevent access to sites containing pornography, hate groups, and sites relating to weapon and bomb making materials. The filters are tested through use to make sure they work while not blocking sites needed by students for schoolwork
12. The school has developed a system to restrict access to the building during the day by keeping specified doors locked when not in use.
13. The school safety design team evaluates all building construction and renovation plans early in the design process and makes recommendations to enhance the level of safety through design features (CPTED and target hardening).

2. Program Initiatives

A school wide culture that supports positive learning opportunities for all children and youth is critical. This entails assessing special needs among students who behave inappropriately, referring them to appropriate services and interventions as needed, supporting the development of skills for future employment, and developing working relationships with parents, families and communities.

Young people have a variety of emotional needs, which they bring to school. Some of these needs may be met in school through encounters with peers and school staff, while others require proper assessment and referral to community services. If these needs are handled effectively, students are less likely to engage in negative behavior.

Other Initiatives - The Harlem Hebrew Language Academy Charter School also has initiatives in place for prevention of violence and intervention for children who exhibit or are at risk for violent behaviors.

- **Social Worker Services.** Teachers refer students to the School Social Worker as needed. The social worker meets with targeted students for individual, group and family counseling, working with children in the context of family, school, peer and community systems. He/she ensures effective intervention practices by observing students in the classroom setting, developing a relationship with parents and building relationships with outside community-based organizations for additional services. Interventions provided by the social worker also include conflict resolution and peer mediation.
- **Discipline Code.** Developed by the school staff, the Discipline Code identifies key players, sets expectations for appropriate school conduct, and defines consequences for parents, students, and staff at the Hebrew Language Academy Charter School.

The Discipline Code is enforced as needed by teachers and staff within the school.

3. Training, Drills and Exercises

Multi-Hazard Training - In accordance with Section 1.55.17(e)(1) (xiv), The Harlem Hebrew Language Academy Charter School will provide multi-hazard school training for instructional and non-instructional staff members and students through a combination of full-scale drills, tabletop exercises and staff development programs. Such training will include fire drills, bus drills, evacuation drills, shelter-in drills and lock down drills.

The Harlem Hebrew Language Academy Charter School employs a school safety aide, who supervises the sign-in table, provides identifying passes to visitors, directs visitors to their destinations, monitors the visitor traffic in the building, and ensures that visitors sign out and return their passes upon leaving the building.

Working relationships with local police regarding the implementation of school safety and security have been established and will continue to be developed and strengthened.

The School-Wide Safety Plan is distributed to all staff members each year. Planned and practiced responses to emergency/crisis situations occur regularly so that school personnel are prepared the following situations: fire, bomb threat, environmental threat, extraordinary event/crisis, school security (violence, weapons, and intruders), drugs and alcohol, child abuse, medical emergencies, and death in the community. Such emergency drills occur as both planned and unplanned practices at various times of the day and are recorded each year.

All drills are timed by the Head of School or designee to assess improvement over time. The drills are reviewed by the School Safety Team to assess timing, coordination, and performance of key personnel. The Head of School or designee is responsible for monitoring duration and efficacy of each drill.

Conduct and Review of Drills - In accordance Section 155.17(e)(1)(xv), the Harlem Hebrew Language Academy Charter School shall hold and evaluate fire drills (8), emergency evacuation drills (2), intruder drills (4), and other drills as deemed necessary to ensure that all students, faculty members, and other staff are familiar with each drill so that it can be activated and accomplished quickly and efficiently. These drills will be held at regular as well as inopportune times, and will utilize a variety of blocked exits, as appropriate, to take care of almost any situation. Each member of the faculty shall take his/her attendance register or class record when a drill is conducted. Immediately upon arrival at a prescribed point, the faculty member shall check the students to see that all students are present. A report of absentees shall be made immediately to the Head of School or designee. Drills will involve and be coordinated by local emergency responders at the ***NYPD 28th Precinct, 2271-89 Frederick Douglass Blvd, New York, NY 10027 (212) 678-1611.***

The evaluation of all drills will be conducted after each and every drill. Evaluation records will be kept for each drill, including the times for the evacuation of the facility, in order to ascertain whether or not the drill is running in a timely manner and according to plan. Administrative staff and other observers will be placed to evaluate the student and staff participation in order

to make recommendations for the improvement of these drills.

Participating in emergency preparedness drills empowers young children to feel more in control of situations that are otherwise frightening and disorienting. When appropriate, “Stop, drop and roll” exercises should be conducted with the children, along with lessons regarding fire safety at home and in school. Encourage children to talk about their concerns. Reassure children that the program staff is doing everything possible to keep them safe. Fire and evacuation drills must be conducted 8 times per year with staff, volunteers and children.

During a drill everyone must leave the building immediately. The following steps should be taken:

1. At the sound of the signal, the staff directs the children to stand.
2. Classroom Teacher leads the children to the exit.
3. The last person on the line closes the classroom doors to prevent the spread of fire.
4. Staff and children walk a sufficient distance so that they are clear of the building.
5. When an “all clear” signal is sounded everyone reenters the building.

Sheltering In - There will be times when the appropriate response to a disaster may require that emergency responders direct children and staff to remain within the building. This type of response is often referred to as “sheltering-in.” **The “sheltering-in” location must be**

1. A hallway and away from windows and glass;
2. An area that is isolated and where ventilation can be turned off, if needed;
3. An area that is lower than the first floor and away from the main entrance of your building; and,
4. An area that has access to emergency resources such as water, cups, blankets, change of clothing, a battery operated radio, and flashlights.

The determination that staff and students should remain inside during a disaster will be made by local law enforcement and public safety officials. Once that decision has been made, staff will be given particular directions as to where staff and children should be moved as well as the steps that need to be taken to ensure that the relocated environment remains free from the dangers outside of your building.

While by law school personnel are required to conduct fire drill mandates, they are also urged to conduct shelter drills. **At the sound of the shelter drill signal, the procedures should be as follows:**

1. Close all windows, draw all shades, exit classroom with the children, close all of the classroom doors and proceed immediately to the shelter.

2. Maintain calm and quiet.
3. Return children and staff to classrooms at the sound of the signal

4. Implementation of School Security

Building Security Procedures

1. Visitor Management - All visitors to The Harlem Hebrew Language Academy Charter School will be required to sign in at the greeter's table at the main entrance of each school building. Anyone who is not a regular staff member or a student of the school will be considered a visitor. This includes parents/relatives, contractors, vendors, delivery people, and others having business with school officials.

In accordance with Section 155.17(e)(1)(xviii), The Harlem Hebrew Language Academy Charter School employs a school safety aide who supervises the sign-in table, provides identifying passes to visitors, directs visitors to their destinations, monitors the visitor traffic in the building, and ensures that visitors sign out and return their passes upon leaving the building.

1. Each visitor shows identification and a visitor's badge is issued.
2. Each visitor's time-in and time-out of the building is recorded.

Upon signing in, the greeter will provide the visitor with a badge identifying the individual as a visitor. The visitor will wear the badge conspicuously during the visit. Upon leaving, the visitor will sign out at the greeter's table and return the visitor's badge to the greeter. The names of visitors who do not sign out and return the visitor's badge provided to them at check-in will be reported to the Head of School as soon as possible.

Visitors, even though they have signed in and are wearing a visitor's badge, are not allowed to wander through the facilities.

A staff member who observes a visitor who appears lost or who is otherwise walking through the building with no apparent purpose will address the visitor by asking, "Can I help you?" The staff member will then provide assistance in the form of directions or direct the visitor to the main office. If a staff member observes suspicious, threatening and/or otherwise inappropriate behavior, such behavior should be reported immediately to the main office for a response from the Head of School or his designee. Student visitors from other schools, unless they have a specific reason and prior approval of the Head of School or designee, are not permitted to enter school buildings. Anyone who violates any provisions of The Harlem Hebrew Language Academy School Code of Conduct is subject to appropriate penalties, up to and including reprimand, ejection, arrest and/or criminal prosecution.

2. Duties of School Security Personnel - The school staff who serve in this capacity receive training from the Head of School as to their duties at the beginning of each school year. The greeter's table is in the lobby reached through the main entrance door. The

hiring and screening process for these employees is the same as for any other staff member, including teacher aides who do not serve in this capacity. The hiring and screening process, of course, does involve the mandatory fingerprint and criminal background check required of all employees.

Everyone in the facility, including other employees, instructors not in the regular classrooms, and visitors, must obey the instructions in the room or area they occupy when the alarm or notification is given.

All exterior doors not routinely used for student or staff entrance will be secured so as to limit building access to the main entrance of each facility.

Procedures for maintaining the security of the facility, as well as procedures for radio use, will be regularly tested by the Head of School or designee.

5. Vital Educational Agency Information

Maintenance of Vital Information - In accordance with Section 155.17(e)(1)(xx), The Harlem Hebrew Language Academy Charter School collects and maintains vital educational information, including student enrollment, the number of staff, and teaching stations. The Head of School assesses transportation needs. The Head of School maintains and updates listings of home and work telephone numbers for key personnel throughout the school.

The Harlem Hebrew Language Academy Charter School is the sole educational agency required to follow this School-Wide Safety Plan.

The school is located at: 147 St. Nicholas Avenue New York, NY 10026

Student transportation needs are consistent with the Department of Education requirements. The key official of Harlem Hebrew Language Academy Charter School is

B. Early Detection of Potentially Violent Behaviors

The early detection of potentially violent students will be facilitated through professional development offerings provided for the Harlem Hebrew Language Academy Charter School staff.

Dissemination of Early Detection Information - In accordance with Section 155.17(e)(1)(xiii), all teachers and non-instructional staff members were provided with School Violence Prevention training at the beginning of this school year. Updated training in this area will be provided annually hereafter. In addition, teacher aides who supervise students in non-academic areas, such as on playgrounds and in cafeterias are provided with conflict intervention training. Conflict intervention training for teacher aides will be updated annually. **Child Safety** provides all students with training in detecting and managing unwanted behaviors. The topic is introduced to parents at the first parents meeting in the fall, then

through notices at Fire Prevention Week and the week prior to the spring break.

Before the end of the first week of each academic year, teachers will familiarize themselves with all available information and records about the regular education and/or special education program placement of every student in their class. Instructional and non-instructional staff, who are concerned about the behavior of a student will communicate with the Head of School if the situation so warrants. The Head of School will then communicate appropriate information to other staff members on a need-to-know basis. The staff member will proceed to work with that student on the basis of these consultations and information.

C. Hazard Identification

Hazard Identification - In accordance with Section 155.17(e)(1)(i), The Hebrew Language Academy Charter School building has been evaluated for the location of potential hazards, both on and off school grounds. This hazard identification shall be updated at least once a year. The locations currently consider as hazardous are the interactions of

- Within the building – Custodial closets located in closets on the first floor.
- HVAC Units - Located on the roof

No Sites of Potential Emergency for the Areas surrounding the Harlem Hebrew Language Academy Charter School building have been identified. The Emergency Response Plan, located in the School Office along includes the identification of hazardous roadways and intersections in proximity to the school building.

There are no storage facilities for hazardous chemicals adjacent to School facilities that have been identified by the New York State Department of Environmental Conservation.

IV. - Section III: Response

In the event of an emergency situation, the school will work with local government officials for obtaining advice and assistance. In an emergency, the Head of School or designee will contact the highest-ranking local government official in which the emergency situation has occurred. In addition, the school will contact the appropriate agencies (i.e. police departments, fire departments, the Red Cross, mental health providers, religious organizations, etc.) to obtain advice and assistance in the event of an emergency.

A. Notification and Activation (Internal and External Communications)

Contacting Law Enforcement Officials - In accordance with Section 155.17(e)(1)(vi), in the event of an emergency, such as a fire, choking, a heart attack, a display of weapons, a shooting or stabbing, or a traffic accident, anyone with access to an outside telephone line first will contact emergency services by dialing 911 and then will notify the Head of School. In the event of a pending emergency, the Head of School will be notified first. The Head of School or designee then will contact emergency services, if appropriate, by dialing 911. The Head of School then will notify local law enforcement officials as the situation warrants.

Local law enforcement agencies include the ***NYPD 28th Precinct, 2271-89 Frederick Douglass Blvd, New York, NY 10027 (212) 678-1611***. The Head of School is the ICS designee.

The Emergency Response Team also will be notified at the beginning of the incident. The Head of School can refer to the Emergency Response Plan and/or the Quick Reference Guide for the proper sequence for notification. After the initial response to the emergency, the sequence for official notification for the majority of incidents will be as follows:

- Head of School
- Director of School Operations
- School Security Staff

The Head of School, before leaving the building for any reason, will designate an individual administrator or other staff member to act should an emergency occur. Building office staff will be informed of the name of the Head of School's designee before he leaves the building.

The On-Site Emergency Response Plan has been prepared in cooperation with the local authorities, local police agencies, and/or the New York State Police.

Information of severe weather such as, but not limited to, tornadoes, storms, and blizzards, as well as national emergencies and other emergencies which can be foretold, will be received in the Head of School's office.

Contacting all Educational Agencies within the Charter School – Section 157.17(e)(1)(xix) - Since The Harlem Hebrew Language Academy Charter School is a single entity, there are no other educational agencies for it to contact.

Contacting Parents – In accordance with Section 155.17(e)(1)(xi), it is the duty of the Head of School or designee to notify faculty, students, staff, parents, guardians, or persons in parental relation to students when it is necessary to respond to either internal or external situations. Notification of incidents will be made to the Head of School's office, using the telephone and fax. The Head of School or designee will use the telephone to notify parents when an incident is stable and under control, using the Automated One Call Now telephone system. For small group notification, a telephone will also be used. ***NYPD 28th Precinct, 2271-89 Frederick Douglass Blvd, New York, NY 10027 (212) 678-1611***, be notified, using the telephone.

If it becomes necessary to close school before the regular closing time, such information will be announced and communicated to parents by administrators using the telephone or released through the following news media: WINS (1010 AM), WABC (880 AM), or WADO (1280 AM)

Contacting Media - Regardless of the nature of the incident, all inquiries from the media should be referred to the Head of School's office. Staff training in the Charter School-Wide

Safety Plan will emphasize this aspect of the communications protocol. Such inquiries will be addressed by the Head of School or designee, or one of the School's available administrators or teachers.

In the event of a critical incident, the Head of School and/or designee will complete an incident report form in anticipation of contact by members of the media. The incident report will outline the date, time, location, and type of incident, and what agencies have been contacted. As time permits, a press release based upon the information contained within the incident report form will be developed and disseminated via fax, telephone, e-mail or in person to members of the media. A list of area media contacts will be developed by the Head of School for this purpose.

Depending upon the nature of the critical incident, the charter school's attorneys will be contacted for on-site consultation, as appropriate. As already outlined in this plan, emergency service providers and local officials will already have been contacted as required.

When representatives of the media arrive at the site of the critical incident, the Head of School or designee will designate a location and format for meeting with them to provide an incident report and answer appropriate questions. The location will be determined by the Head of School or designee and will be dictated by the nature and location of the critical incident. Depending upon the nature of the incident, the media briefing area could be in the Head of School's office, in the school building, outside one the school building, at a designated off-site command post, or adjacent to the off-campus incident site.

If it becomes necessary to close school before the regular closing time, such information will be announced and communicated to parents by administrators using the telephone.

Parents, guardians and persons in parental relation complete emergency contact cards at the beginning of each year. One of the names listed on the emergency contact sheet will be notified of the early dismissal by the Secretary and Office Aide via telephone. This could include informing a parent or other emergency contact members and/or riding a bus to a different-than-normal destination. Management of the emergency early dismissal process is the responsibility of the Head of School and/or designee. The Head of School will remain at the school until all students are dismissed.

B. Situational Responses

The appropriate responses for this section could include the use of the sheltering, lock down, evacuation or go home procedures, as outlined in the Emergency Preparedness Plan and/or the Charter School Quick Reference Plan. A log of all medical treatment provided to students or staff will be kept by the school nurse. An incident report will be filed by Head of School immediately after each emergency incident so that response protocols can be reviewed, assessed and modified as needed.

1. Responses to Civil Disturbances

An emergency caused by an action, which requires an appropriate response by school officials. The following specific situations are covered in this section:

- Bomb Threat
- Hostage
- Intruder
- Kidnapped Person

The guiding principles for emergency planning are: holding action to contain the situation; keeping children away from the situation; communicating with the proper authorities; and finally, restoring normal activities. If it becomes necessary to respond to civil disturbances, the Head of School may rely on one of the following responses: shelter, lock down, evacuation, go home.

2. Responses to Environmental Problems

The fire department, local police, State Emergency Management Office, Federal Emergency Management Office and/or environmental specialists will communicate, evaluate, and make the necessary arrangements with the Head of School or designee and the Head of School for control, clean up, remediation, and disposal of any materials, if needed.

The appropriate responses for this section could include the use of sheltering, lock down, evacuation or go home protocols.

3. Responses to Fire and Explosion

A fire or explosion in a building, or even a false alarm, will interrupt and disrupt school building activities. The effects may be minor, as in the case of a false alarm, but could be significant, as in the case of a fire or explosion. Emergency guidelines, ranging from minor to major occurrences, are included in this section:

- False Fire Alarm

- Fire
- Explosion

In each case, the guiding principles for emergency planning are protection of life first, then preservation of property, including restoration of normal activities. 4. Responses to Systems Failure

The failure of a building's structural or mechanical system will interrupt and disrupt normal building activities. A failure or malfunction may be minor, temporary in nature, and readily or easily corrected, or may be major, create emergency conditions, and involve extensive or extended corrective work. Emergency guidelines, ranging from minor to major occurrences, are included in this section for the following facility failures:

- Electrical Failure
- Energy Loss or Governmentally Imposed Fuel Shortage
- Heating System Failure (Loss of Heat)

First aid is the treatment that will protect the life and comfort of the victim until authorized medical treatment is available or, in the case of a student, until the child is placed under the care of a parent or legal guardian. An effective medical emergency program should be based on medically and educationally sound procedures. Some of the components of such a program are:

1. Signed instructions for emergencies from parents, and /or legal guardians should be available, including name and date of birth of the child; name, address and telephone number where one or both parents may be reached at home and at work; name, address, and telephone number of another person who has agreed to care for the child if the parent or guardian cannot be reached; name, address, and telephone number of the family physician (or Christian Science Practitioner), a list of medical problems, allergies, and daily medication needs, and any special condition which should require special handling. This information is requested of parents on the student emergency card.

The telephone numbers of specific emergency services and individuals will be posted conspicuously near each telephone. These may include school physician, fire department, police, hospital, ambulance, poison control center, etc.
3. A list will be maintained by the Head of School of all students and staff having special medical problems such as hypersensitivity to allergens, diabetes, epilepsy, allergy to bee stings, etc.

If it becomes necessary to respond to a medical emergency, the Head of School may rely on one of the following responses: shelter, lock down, evacuation, go home.

6. Responses to Implied or Direct Threats of Violence

Implied or Direct Threats - In accordance with Section 155.17(e)(1)(iii), The Harlem Hebrew Language Academy Charter School-Wide Safety Plan includes policies and procedures for responding to implied or direct threats of violence by students, teachers, other school personnel and visitors to the school. The Harlem Hebrew Language Academy Charter School expects a high standard of behavior from its students, faculty and staff as well as visitors to the school facility and grounds. The school will enforce The Harlem Hebrew Language Academy Charter School Code of Conduct, which governs the behavior of all

persons, whether or not their presence is authorized, upon any premises or property under the control of the school and used in its teaching, administration, and cultural, recreational, athletic and/or other programs and activities. A copy of the Code of Conduct is available in the main office of the school as well as in the school office.

If the individual is a student, his/her parent or guardian will be contacted by the Head of School or designee and will document the incident in a letter to the parent or guardian.
5. If the threat's degree of severity is determined to be major, the local law enforcement agency will be notified and asked for their assistance in completing the investigation and addressing the implied or direct threat. The student will be suspended from school for a period of time consistent with the school's Code of Conduct. Parent contact and written documentation will be implemented as for a minor threat.

[Any emergency caused by an action of an individual or individuals requires an appropriate response by school officials. Protocols can be found in the School Emergency Response Plan. The communications outline will also include the notification of the Head of School, and local fire, police and emergency services, as appropriate.]

School Resources for Use in an Emergency – In accordance with Section 155.17(e)(1)(ix), The Harlem Hebrew Language Academy Charter School can use other resources. Those resources include:

- A school in the area, with its telephone number and street address
- Communication Resources at the school – classroom intercoms, bullhorns, telephones and faxes.

Procedures to Coordinate Resource Use - In accordance with Section 155.17(e)(1)(x) the Harlem Hebrew Language Academy Charter School has prepared a listing of all resources available to the school is located in the Emergency Response Plan. This includes the emergency equipment available such as batteries, food supplies, water, fire extinguishers, etc. Emergencies requiring transportation, the school will contact The NYC DOE Office of Pupil Transportation.

In the event of an emergency, the Head of School has been authorized to afford maximum protection that is reasonably attainable for all students, staff, and facilities. This includes the development and implementation of an emergency plan for the protection of all students, faculty and all buildings and grounds and the physical assets of the school.

The NYC DOE Office of Pupil Transportation has hundreds of buses and is a major provider of student and adult transportation in New York City.

The school building has a multi-purpose room that could be used for sheltering purposes. Food would have to be brought in from other sources for a prolonged period of time.

There is telephone communication throughout the building. The school office has hand-held radio communication. There are no generators located at the school. Therefore, electricity would be needed to run all building systems.

Notification to the Head of School will allow all resources, facilities and vehicles to be allocated and used in the event of an emergency.

During certain conditions, the nature of the emergency may demand that classes be dismissed or cancelled. The nature of some events may include that students and staff be evacuated from the building. They will be transported and housed temporarily in the *(School or other designated area which will receive students in an emergency)*

The following is the procedure to be implemented:

1. The Head of School or designee will make the decision to evacuate.
2. The Head of School or designee will notify the local police and fire departments, if and as appropriate.
3. The Head of School will notify the appropriate official(s) at the off-campus alternative site(s).
4. Teachers will assemble students at the designated assembly site outside the evacuated school building.

5. Teachers/staff will be dispatched to the alternative site(s) to prepare receiving areas.
6. Teachers will walk students to the designated alternative site, take attendance, and report attendance to the Head of School and or designee.
7. The Head of School will notify the media and post the information on the Internet to inform the parents of the evacuation and the site location for student pickup.

- **Early Dismissal Plan**

8. Response Plans for School Cancellation, Dismissal, Evacuation and Sheltering

– In accordance with Section 155.17 (e)(1)(ii), The Harlem Hebrew Language Academy Charter School has established responses for emergencies, including the cancellation of classes, early dismissal, evacuation, and sheltering.

1. Cancellation of Classes / Notification of “No School”

If severe blizzard, heavy snow storm, ice conditions or flooding occur during the night which make driving hazardous, and such conditions are known by 6 AM, a “No School” announcement will be made. Responsibility for this decision and notification shall be the Head of School and/or designee. The Head of School or Head of School will call the Director of Operations to notify them of the cancellation. The Director of Operations, in turn, will send out the automated phone/email message to all parents and staff.

2. Dismissal During School Day

If, during the school day, weather or another situation threatens and/or develops that would jeopardize the health and safety of the school children, the school may be closed earlier than the usual dismissal time. In that event, the parents and the bus company will be notified. Either parents or buses will transport the children to their after-school destinations in the usual afternoon dismissal order. Parents will then expect their children to arrive home before the regular arrival time.

- **Evacuation Procedures / Sheltering Sites (Internal and External)**

In the case of tornado or national emergency, or other type of emergency requiring persons to stay in the building, the Head of School shall initiate the necessary actions upon notification that his school is threatened. Students, faculty, and other employees at the school will go immediately to their designated stations previously assigned. During certain conditions, the nature of the emergency may demand that students and staff be evacuated from the facility. They will then be moved to and housed in another alternate location, such as the *(School or other designated area which will receive students in an emergency)*

In certain circumstances, evacuation may mean only going outside, away from the building and waiting for danger to pass. The following is the procedure that will be followed:

1. The Head of School or designee will make the decision to “Evacuate”.
2. The Head of School or designee will notify the local police and fire departments and the Emergency Response Team, if and as appropriate.
3. If students are to be transported beyond walking distance, the Head of School or designee will notify The NYC DOE Office of Pupil Transportation for buses to transport children to the new destination.
4. The Head of School will then evacuate the building.
5. Teachers will walk all students to the designated alternative site/s.
6. Each member of the faculty shall take his/her attendance register.
7. Students will line up in an orderly fashion and attendance will be taken.
8. School personnel will be dispatched to the alternate site to prepare receiving areas.

As specified in the Evacuation Procedures, staff will remove the Emergency Binder and attendance rosters.

The Head of School will notify the area media to inform the parents of the evacuation, of the site location for student transportation or pick up, and of the timetable for dismissal. Upon arrival at the alternate site, students will be directed to a specific location. Each teacher will take attendance and forward the record to the Head of School or designee. If conditions permit, the children will be returned to the school for a normal dismissal.

- **Dismissal from the Alternate Site**

If parents arrive to pick up their children, they will give the name and grade of their child to the staff member assigned to monitor the entrance of the alternate site location and then be directed to the correct area for pick up. Buses will arrive at the alternate site location to transport children to their after-school destinations on a schedule to be determined by the situation requiring the evacuation. If the crisis persists past 2 P.M., children will have to wait for the normal dismissal schedule in order to be transported from the alternate site location.

At the alternate site location the Head of School or designee will be inspected to ensure all children have evacuated. Upon final building inspection, school personnel will be released by the Head of School or his designee on a need basis.

V. - Section IV: Recovery

Responses for different types of crises should be planned in advance and reviewed, updated, and practiced periodically. The chaos and panic created by certain situations cannot be effectively handled without a pre-established specific plan of action.

The extent of, and need for, disaster or emergency recovery depends in large part upon the nature of the incident. The Harlem Hebrew Language Academy Charter School administration will provide the necessary resources to ensure as smooth a transition back to normal operations as possible following an emergency or violent incident.

A. District Support for Buildings

Support for the building – The Harlem Hebrew Language Academy Charter School will support the Emergency Response Team in emergencies or disasters by providing financial and logistical assistance. The agency will also aid the team by interfacing with relevant regulatory agencies and the media.

B. Disaster Mental Health Services

Disaster Mental Health Services - Following a serious act of violence or other disaster in the school, employees, counselors, students, police and other emergency respondents, witnesses, and the family of these individuals often suffer from stress-related ailments such as insomnia, depression, anger, headaches and ulcers. These conditions translate into higher rates of absenteeism and turnover, as well as reduced school and job performance. Much of this suffering and loss can be reduced if the affected individuals receive debriefings from experienced counselors 24 to 72 hours after the traumatic incident.

The Harlem Hebrew Language Academy Charter School, under the direction of the Head of School, will facilitate the coordination of disaster mental health resources by interfacing with the State Emergency Management Office, the NYS Office of Mental Health, and the American Red Cross.

At all times the School must maintain close cooperation with investigating authorities to facilitate completing investigations and minimizing complications.
